QUICK PERMIT APPLICATION

If you have a smaller project such as window or roof replacement you should complete this permit application. Each of these projects do not require a plan review. If you aren't sure if this is the right permit application for you, visit the website elginil.gov/permits or contact 311.

WHAT YOU SHOULD KNOW

Be sure to utilize our Quick Guides for each of our quick permit types. These will give you a good idea of any additional documents, fees, etc. Only complete the portions of this application that apply to you. No work can begin until you obtain a permit.

- All projects are subject to the zoning approval.
- Additional documentation and fees may be required. A plat of survey will be required for most projects. Visit our website to see plat of survey requirements and standards.
- Staff will contact you within 3-5 business days after receiving your completed application.
- If your project takes place in the historic district, a Certificate of Appropriateness will also be required.
- A separate application must be made to the Fox River Water Reclamation District (FRWRD) for any new plumbing work. Contact FRWRD at 847-742-2068 for sanitary sewer requirements.
- If you are doing work on your own home, it must be a single-family owner-occupied home. If it is not, you must use a licensed contractor for the project.
- The following additional documents are required for specific contractors:
  - Roofing: A State of IL roofing license and letter of intent.
  - Plumbing: A State of IL plumbing license with the prefix 055 and notarized letter of intent. The plumber performing the work must be present at inspection and have their 058 license on hand.
  - Sewer: A $20,000 permit bond in favor of the City of Elgin and notarized letter of intent.
  - Fire Sprinkler: A State of IL Fire Sprinkler Contractor license and notarized letter of intent.
  - Mechanical: A $20,000 permit bond in favor of the City of Elgin, notarized letter of intent, and a contractor's registration from any city in the State of IL that gives a written HVAC examination. Registration is not required if your project plans are sealed by an IL licensed architect or engineer who is accepting responsibility for the work.
  - Electrical: A contractor's registration is required from any city in the State of Illinois that gives a written examination based on the National Electrical Code and a notarized letter of intent.
