_____
City State Zip Code

Have any of the proposed improvements started or been completed? Yes ☐ No ☐

Does work include any City Property, including utility easements, parkway, right of way, roads, and the like, which may contain a City Water and/or Sewer line? Yes ☐ No ☐

If yes, an excavation bond of $5,000 must be provided to the City Clerk's office, with a copy of the receipt submitted with the permit record, before a permit will be issued.

Required Documents and Submittals

- New building, addition, or buildout of existing building: Three copies of stamped architectural or engineering drawings, including a site plan and engineering if a new building or addition.
- Exterior work: One copy of the plat of survey with dimensions of proposed work and distances from property lines marked.
- For all permits: A complete scope of work is required. A letter of intent from the electrician and/or plumber is required.

List of Contractors

All contractors and subcontractors working on the job must be listed on the permit and registered with the City before the permit will be issued. If, after the permit is issued, the contractor(s) are changed, the Community Development (Building) Department must be notified in writing, and the contractor(s) must be registered with the City.

Acknowledgement and Signature

- If you are making a new connection to the water/sewer system, the tap-on/connection fee must be paid before permit issuance.
- Building department fees are non-refundable and are payable by cash, check, or card in person; check by mail, or drop box. No online or phone payments are accepted currently.
- All work must be inspected. A failed inspection will result in a $100 re-inspection fee payable the same as the fees above. Payment must be made before a re-inspection can be scheduled.
- The Building Department must be notified in writing if any changes to plans are proposed. All work must stop until said changes are approved.
- No storm, sub-surface, or surface water is to be directed towards or emptied into the sanitary sewer or an adjacent property.

- I/We agree that all work performed under said permit will be in accordance with the plan(s) and plat(s) which accompany this application.
- I/We understand that if the proposed structure or use violates the Zoning Ordinances of Crest Hill, the permit will not be issued, and the applicant will need to complete further action to bring the proposed work into compliance with ordinance requirements.
- I/We understand that if all requirements for permitting are not completed within 90 days from the date of application, the application is void.
- I/We understand that if the permit is not paid for within one month from the date of issue, the permit will be void. If work under a paid permit is not begun within six months from the date of issue, the permit will be void. Permit expiration dates may be extended by the Building Commissioner with a reasonable explanation up to one year from the original expiration.
- I/We hereby certify that the proposed work is authorized by the owner of record and that I am the owner or have been authorized by the owner to make this application as their authorized agent, and that all contractors listed and/or owners doing their own construction are true and accurate.
- I/We understand that it is my/our responsibility to contact the appropriate fire department for fire alarm and fire sprinkler inspections.
- I/We understand that it is my/our responsibility to contact the appropriate highway authority and the Will County Health Department if necessary.

The Applicant affirms that all details in this application, including attached documentation, are true to the best of their knowledge, and that permission from the property owner(s) has been granted.
